### **Making your online store is easy:**

- We will work with you to pick out the items you want to offer for sale, develop your artwork, and build your store for you.
- We take care of processing all payment
- If you choose to use the store as a fundraiser, we will give you a selling price, and you let us know how much you'd like to add to earn your fundraiser credit.

**Fees and Charges:** We will discuss each of these with you as we build your store to find the best way to cover these costs. They can be added to the price of each item or the charges can be placed against the fundraiser credit.
